

# Trinidad Students aim for the Stars with NIHERST'S

# NASA

## International Internship Program (NASA I<sup>2</sup>) 2019

Five (5) Trinidadian students, three (3) from the University of the West Indies (UWI), St Augustine campus, and two (2) nationals studying in the UK and Toronto were selected to represent Trinidad and Tobago in a ten-week internship program, the NASA International Internship (NASA I<sup>2</sup>), at the NASA Ames Research Center, in Mountain View, California. Locally we have Keanu Nichols, 21, Gabrielle Motilal, 20, Tevin Achong, 22, and our two (2) T&T Nationals based abroad, Ruth Jones, 25 (Oxford University) and Saanjali Maharaj, 19 (University of Toronto). They are scheduled to begin their internships on 3rd June and end on the 9th August, 2019. Four (4) of our five (5) interns recently had a photo opportunity with the programme's main sponsors, Atlantic and United Airlines along with our programme partner, the Embassy of the United States of America, Trinidad and Tobago.

We wish to thank all our sponsors who assisted on this venture to help the youth of Trinidad and Tobago shoot for the stars.
